I like playing tennis.

I play tennis with Penny.

We play with Dennis.

We play at the tennis court.

We play with a racquet and a ball.

I hit the ball to Penny.

Penny hits the ball back to me.

It's best when the ball goes over the net.

We hit the ball back and forth from end to end.

It's fun!

But when the ball hits the net we start again.

We start again when we miss the ball too.

Dennis waits for his turn to play.

Once Penny hit the ball hard and it went over the fence.

We went to fetch the ball.

We had to run to get it back.

It took a long time!

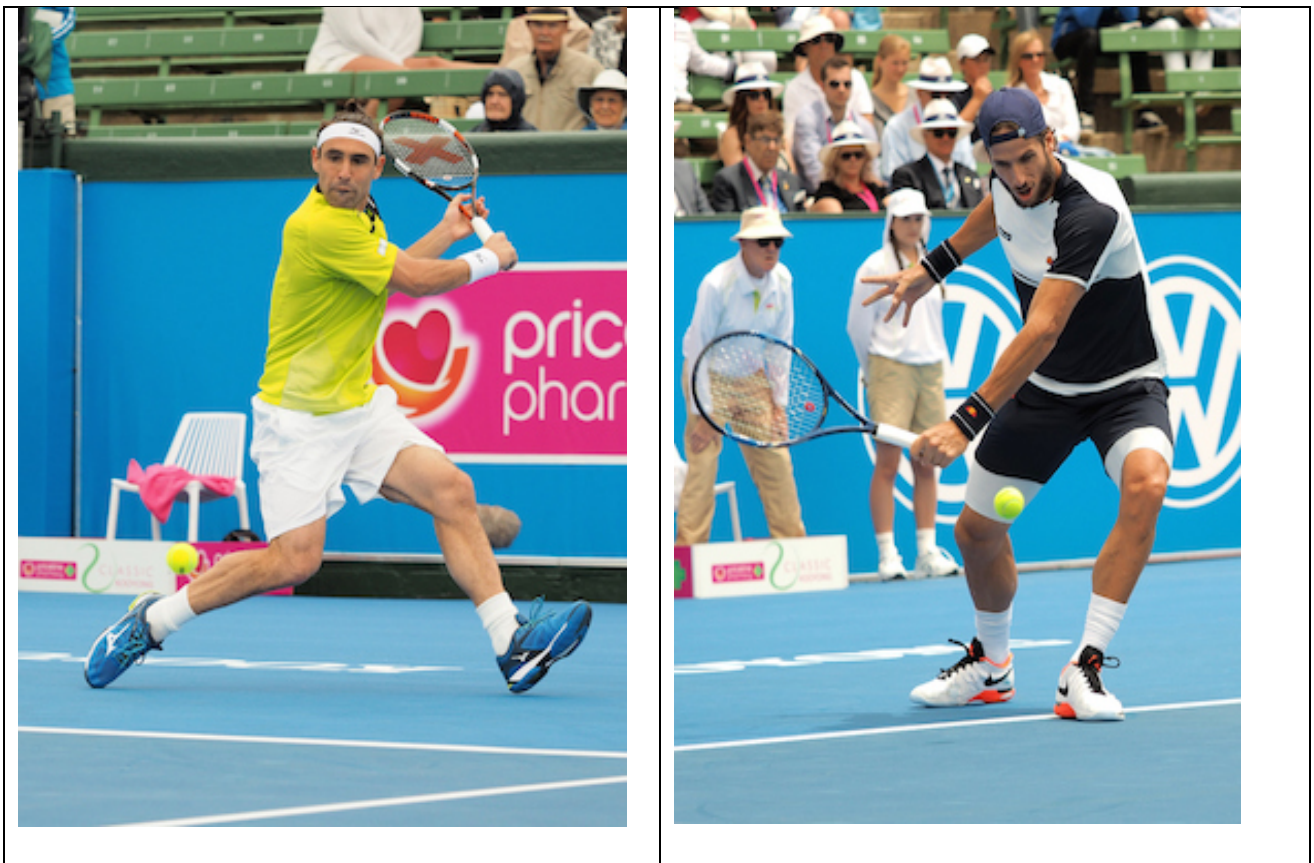

Next day my mum took us to the tennis stadium to see a match.

We watched the top players.

We watched them hit the ball.

They hit the ball back and forth
from end to end.

Sometimes a player missed the ball.

Sometimes the ball hit the net.

So they started again.

The best player won the match.
We saw his prize.

We all want to play at the tennis stadium one day.

It would be fun to win a prize!
